

Twisted Vintage Valentine

35" x 35"

Color Block Diagram

Use the Lil' Twister Ruler to Make this quilt. Other sizes of twisters will make the finished quilt size bigger or smaller accordingly.

When using the Lil' Twister- Cut 5" Squares:

- 10 Dark Red Squares (1/3 yard)
- 11 Deep Pink Squares (1/3 yard)
- 6 Medium Pink Squares (1/6) yard
- 7 Light Pink Squares (1/6) yard
- 15 Background squares (1/3 yard)
- 4 strips 3 1/2" x WOF Background (1/2 yard)

Use color block diagram to layout squares. Stitch rows together with 1/4" seam. Then sew the 3 1/2" strips to all 4 sides. Now give it the 'Twister Treatment". See the general instructions for using the Lil' Twister ruler in the package your ruler came in.

After you stitch your cut twister shapes back into rows and sew the rows together, the unfinished size of your piece should measure about 24 1/2" square (see figure 1). You can quilt and bind your piece just like this or you can add more borders to it. See page 2 for border instructions.
